Course Description: This course will introduce the student to the basics of New Testament Greek. We will study the alphabet and sounds of the Greek language, survey grammatical forms and sentence structure, and develop a solid vocabulary consisting of commonly used words. Plenty of time will be devoted to translating actual sentences and later whole passages from Greek into English. Along with this, we will also discuss the best techniques of translating Greek into English and explore how knowledge of Greek gives new insight into the reading of the New Testament.

Student Learning Outcomes: At the end of this course the student will:
- Know the place of New Testament Greek within the history of the Greek language
- Understand the use of case endings in Greek and how they contain important information about the function of nouns in sentences
- Be familiar with verb conjugation in the present, future and imperfect tenses
- Be able to translate simple sentences from Greek to English

Grading. The grading for this course will be as follows:

Midterm Exam 20%
Final Exam 20%
Vocabulary Quizzes 20%
Attendance and Participation 40%

Midterm and Final Examinations: The midterm and final exams will be take home examinations consisting of sentences in Greek that are to be translated into English. They are not open book examinations, though I will allow you to use a dictionary for vocabulary. If you don't have separate dictionary you can use the section at the back of your book, but you cannot look at the lessons in the book.

Quizzes: The first class each week will begin with a vocabulary exam with 10 words being chosen from the vocabulary lists in the lessons being studied that particular week. Your two lowest scores from the semester will be dropped. At the end of the semester, the scores from the 12 best tests will be added and the grading scale will be as follows:

A 90-100
B 80-89
C 70-79
D 60-69
F below 60

**Attendance and Participation:** Attendance and participation is very important in this class and the grade is weighted accordingly. You must come to class and come prepared. In each session we will have some time for discussion, but a large part of our time will be devoted to translating the sentences from each lesson. This we will do by each student taking a turn. No one will be perfect in being able to translate every sentence, but you must try.

**Academic Conduct:** Florida International University is a community dedicated to generating and imparting knowledge through excellent teaching and research, the rigorous and respectful exchange of ideas, and community service.
