Modern Biblical Criticism and Biblical Inerrancy
A Curious History

Ron Hendel, University of California, Berkeley

November 1st, 2012 | 12:30 PM | FIU Modesto A. Maidique Campus | SIPA 125

Readers of the Bible have long been captivated by the problem of errors in the text -- including errors of fact and of language. In early modern Europe, debates about these problems gave rise to two lasting legacies: modern biblical scholarship and the doctrine of biblical inerrancy. The issues at stake in these debates illuminate the current problems of religion versus science, and illustrate some roads not taken that may offer solutions to the contemporary dilemma.

The program is free and open to the public. For more information, call 305-348-2186.
