## General Information

### Course Description And Purpose

This online course investigates healing outside the norm of the USA through mediumship, channeling, PSI (paranormal psychological phenomena), shamans, animals and plants and offers a unique experience through alternative global practices that are studied through the use of texts, electronic readings, video streaming, artwork and resources information. In addition, the skeptic viewpoint that questions the validity of such healing and PSI experiences is included. An overview of accepted global alternatives in health and religious practices of categories that were considered taboo in Western medicine for many years, are currently being investigated and implemented by institutions of higher learning, universities and research laboratories in the US and world-wide. "Healers and Mediums" (through religious and cultural practices) treat diseases, maladies, and physical-emotional-spiritual problems encountered by human beings. Many treatments have been used for hundreds or thousands of years, and lie outside the normative practice of Western science, technology and medical practices.

### Course Objectives

- Explain in definitive terms how animal are healers and used in the healing process through analysis of their importance today.
- Define PSI and the believers who support PSI experiences.
- Define skepticism from the glossary of terms and the accompanying skeptic viewpoints; synthesize why the skeptical viewpoint is important.
- Distinguish global perspectives that shape trends in dealing systems like reincarnation or past-life regressions.
- Gain an appreciation for the diversity of healing methods for life on Earth as well as concluding ways to heal the maladies of the body from global perspectives the lie outside the Western medical practices.
- Compare and contrast healing from areas like Asia, Africa, the Middle East and South America.

- Relate the above objectives in problem solving regarding healing methods from the course beginning with the pre-course survey and connecting the solutions through the post course survey.

## Expectations of this Course

This is an online course, which means most (if not all) of the course work will be conducted online. Expectations for performance in an online course are the same for a traditional course. In fact, online courses require a degree of self-motivation, self-discipline, and technology skills which can make these courses more demanding for some students.

### ACADEMIC FREEDOM

Academic freedom and responsibility are essential to the integrity of the University. The principles of academic freedom are integral to the conception of the University as a community of scholars engaged in the pursuit of truth and the communication of knowledge in an atmosphere of tolerance and freedom. The University serves the common good through teaching, research, scholarship/creative activities, and service. The fulfillment of these functions rests upon the preservation of the intellectual freedoms of teaching, expression, research, and debate. We affirm that academic freedom is a protected right in addition to a faculty member's constitutionally protected freedom of expression and is fundamental to the faculty member's responsibility to seek and to state truth as he/she

sees it.

Academic freedom does not only relate to scholarship and pedagogy. Students also have the academic freedom with the university setting. Students are encouraged to employ critical thinking and to rely on data and verifiable sources to interrogate all assigned readings and subject matter in this course as a way of determining whether they agree with their classmates and/or their instructor. No lesson is intended to espouse, promote, advance, inculcate or compel a particular feeling, perception, viewpoint or belief.

### Course Communication

Communication in this course will take place via the Canvas Inbox. Check out the [Canvas Conversations Tutorial](https://vimeo.com/canvaslms/212en) or [Canvas Guide](https://community.canvaslms.com/docs/DOC-10574-4212710325) to learn how to communicate with your instructor and peers using Announcements, Discussions, and the Inbox. I will respond to all correspondences within 48 hours unless otherwise advised.

### Assessments

In order to mitigate any issues with your computer and online assessments, it is very important that you take the "Practice Quiz" from each computer you will be using to take your graded quizzes and exams. It is your responsibility to make sure your computer meets the minimum [hardware requirements](https://online.fiu.edu/student/resources/software-resources.php).

All assessments will auto-submit when (1) the timer runs out OR (2) the closing date/time is reached, **whichever happens first**. For example, if a quiz has a closing time of 5:00 pm but the student begins the exam at 4:55 pm, the student will only have 5 minutes to complete the quiz.

Assessments in this course are not compatible with mobile devices and should not be taken through a mobile phone or a tablet. If you need further assistance please contact [FIU Online Support Services](http://online.fiu.edu/supportservices).

### Quizzes

There will be fully online quizzes covering each section. Your quiz scores will be averaged together for a final quiz score worth 10% of your final grade. All quizzes consist of 10 multiple-choice questions, and each question will be worth 10 points. A quiz will be available from Monday 12:00 am till Monday 11:59 pm of the given week. Once you open a quiz, you will have 30 minutes to complete and submit it. You will have two attempts to take a quiz. The highest score will be counted.

### Exams

There will be three non-cumulative exams based on the readings and materials covered throughout the course. Each exam will be worth 15% of your final grade. All exams consist of multiple choice, fill in the blanks, true/false, each worth 2 points and essay questions worth 10 points each. Exams must be taken during their availability period. Once you open an exam, you will have 60 minutes to complete and submit it.

### Journal Reflections

There will be weekly journal reflections, which will only be seen by the student and the professor. These reflections will only be graded that they were completed, but not for content. This will provide an opportunity for students to interact privately with the professor in regards to the course content. Journals may be a short

paragraph, but must be turned in on time to receive credit. Altogether, the journal entries will be worth 7% of your overall grade.

## Blogs

Blogs are an open communications tool for students to share their thoughts. Here you can post text, images, links and attachments, open for comments. These will be completed within Discussions on Canvas. Blogs can be found in Discussion on the course menu or within the content area of the course.

- There will be ten course blog topics. The topics will be posted in the "Discussion" in the Course Content. Students must post well thought-out comments based on the required work throughout the semester. Participation is required and represents 11% of your final grade. Both the quantity and the quality of your posts will contribute to your grade. All students are required to participate in all the three topics (at least 200 words). Blogs must be posted during the period they are assigned and are due by 11:59 pm on the Monday which ends that particular lesson.
- Once you have composed your original posting, take some time to carefully review other postings within your discussion group. Pick two that are most interesting to you and provide meaningful, detailed, and constructive feedback.
- Keep in mind that your blog postings will likely be seen by other members of the course. Care should be taken when determining what to post.

## Critical Book Review & Proposal

For your paper, you will write a **critical book review on a book of your choice**. I have posted a list of possible options, but you are free to choose other books as well. Each essay will be between **1200 to 2000 words** long and will be worth 15% of your grade. These are formal academic essays and students must cite their sources. MLA is the preferred citation style in Religious Studies.

**You will also need to submit a short proposal (200 words) providing basic information about your book choice.** The proposal is worth 2% of your overall grade.

Turnitin- Read [Turnitin's Privacy Policy](http://www.turnitin.com/en_us/about-us/privacy/#pledge) (http://www.turnitin.com/en\_us/about-us/privacy/#pledge)

**Late Papers:** Late papers are only accepted under extreme and verifiable conditions.

Students are responsible for reading their messages and all announcements posted by the instructor. The instructor also reserves the right to make changes to the syllabus by means of announcements or messages with ample time allowed for students to respond and adjust appropriately.

**Plagiarism:** Plagiarism will not be tolerated. Plagiarism, or attempting to pass off another's work as your own, falls into three different categories:

1. A written work that is entirely stolen from another source;
2. Using quotations from another source without properly citing them; and
3. Paraphrasing from another source without proper citations.

Students are expected to understand the definition of plagiarism. See the [University Code of Academic Integrity](https://studentaffairs.fiu.edu/get-support/student-conduct-and-academic-integrity/student-conduct-and-honor-code/index.php) (https://studentaffairs.fiu.edu/get-support/student-conduct-and-academic-integrity/student-conduct-and-honor-code/index.php) if you need further clarification. Offenders will receive a grade of F for the plagiarized assignment, and possibly the course.

### Important:

You will need to do research; your textbook and required readings will not have enough information about the topic. You will need to consult a minimum of three outside sources and one must be a book reference. You will also need notes in your paper, and a Bibliography/Works Cited page in MLA style.

Do not use Wikipedia as an internet source. You may use internet sources, but use only academic sources from the internet. (Academic sources list individual authors, name their sources, and have institutional affiliations.) Points will be deducted for infractions of these rules.

If you have questions regarding how to cite or what to cite, ask me BEFORE you submit your essay. If you turn in your paper and you "accidentally" plagiarize parts of your essay, you will fail the assignment and possibly the course. Better safe than sorry! To reiterate, ask me before the due date if you are unsure about how to cite your sources.

\*\*Students may not submit work from a previous semester or from another class for this assignment or any other assignment in this course. It will be flagged for plagiarism by Turnitin.

Review the Grademark comments (feedback) from your professor.

## Individual Wiki Page

After you have written your critical book review, you will also create your own wiki page for your book. This wiki will be shared with the class. Your wiki page will present an overview of your chosen book, and will also include your analysis of the book applying the Religious Studies concepts that we have covered in class. This assignment is worth 8% of your overall grade.

## Zoom

In this course we will use Zoom in order to schedule online meetings between students and Professor Weston.
