Course Description: This course continues the basics of Biblical Hebrew from the fall semester. We will resume studying the various stems, noun forms, and participles and infinitives. We will also continue developing a solid vocabulary of the most commonly used words in the Old Testament or Hebrew Bible. Plenty of time will be devoted to translating actual sentences and later whole passages from Hebrew into English. Along with this, we will also discuss the best techniques of translating Hebrew into English and explore how knowledge of Hebrew gives new insight into the reading of the Bible.

N.B.: A copy of the Hebrew Bible is necessary, and I have listed one above, though you may use another edition if you already possess one. Also, it may be a printed or digital, but if the latter, you need to make sure you can access it during class. If you don't already have one, I would suggest getting *Biblia Hebraica Stuttgartensia* (listed above) from the American Bible Society.

Grading. The grading for this course will be as follows:

Midterm Exam	20%
Final Exam	20%
Vocabulary Quizzes	20%
Attendance and Participation	40%

Midterm and Final Examinations: The midterm and final exams will be take home examinations consisting of sentences in Hebrew that are to be translated into English. They are **not** open book examinations, though I will allow you to use a dictionary for

vocabulary. If you don't have separate dictionary you can use the section at the back of your book, but you cannot look at the lessons in the book.

Quizzes: Each week class will begin with a vocabulary exam with ten words being chosen from the vocabulary list in the back of the book. The list gives over four hundred of the most common words used in the Bible. Starting with week 2, you will study these in groups of fifteen and be tested on them. Your three lowest scores from the semester will be dropped. At the end of the semester, the scores from the ten best tests will be added and the grading scale will be as follows:

A	90-100
B	80-89
C	70-79
D	60-69
F	below 60

Attendance and Participation: Attendance and participation is very important in this class and the grade is weighted accordingly. You must come to class and come prepared. In each session we will have some time for discussion, but a large part of our time will be devoted to translating the sentences from each lesson. This we will do by each student taking a turn. No one will be perfect in being able to translate every sentence, but you must try.

Student Conduct: Florida International University is a community dedicated to generating and imparting knowledge through excellent teaching and research, the rigorous and respectful exchange of ideas, and community service. All students should respect the right of others to have an equitable opportunity to learn and honestly to demonstrate the quality of their learning.
