IMPORTANT INFORMATION

POLICIES

Please review the [FIU's Policies](#) webpage. The policies webpage contains essential information regarding guidelines relevant to all courses at FIU, as well as additional information about acceptable netiquette for online courses.

TECHNICAL REQUIREMENTS & SKILLS

One of the greatest barriers to taking an online course is a lack of basic computer literacy. By computer literacy we mean being able to manage and organize computer files efficiently, and learning to use your computer's operating system and software quickly and easily. Keep in mind that this is not a computer literacy course; but students enrolled in online courses are expected to have moderate proficiency using a computer. Please go to the "[What's Required](#)" webpage to find out more information on this subject.

Please visit our [Technical Requirements](#) webpage for additional information.

ACCESSIBILITY AND ACCOMMODATION

Please visit our [ADA Compliance](#) webpage for information about accessibility involving the tools used in this course.

Please visit [Blackboard's Commitment Accessibility](#) webpage for more information.

EXPECTATIONS OF THIS COURSE

This is an online course, which means most (if not all) of the course work will be conducted online. Expectations for performance in an online course are the same for a traditional course. In fact, online courses require a degree of self-motivation, self-discipline, and technology skills which can make these courses more demanding for some students.

Students are expected to:

- **Review the how to get started information** located in the course content
- **Introduce yourself to the class** during the first week by posting a self introduction in the appropriate discussion forum
- **Take the practice quiz** to ensure that your computer is compatible with Blackboard
- **Interact** online with instructor/s and peers
- **Review** and follow the course calendar

COURSE COMMUNICATION

Communication in this course will take place via **Email**.

It is recommended that students check their emails routinely to ensure up-to-date communication.

Visit our [Writing Resources](#) webpage for more information on professional writing and technical communication skills.

DISCUSSION FORUMS

Keep in mind that your discussion forum postings will likely be seen by other members of the course. Care should be taken when determining what to post.

QUIZZES (20%)

A weekly time-restricted, online quiz will be given based on the materials covered each week. **You can take each quiz two times, and the higher of the two attempts will be recorded.** Even if you do well on the first attempt, it is advisable to use both attempts. You will not receive the same quiz every time; the computer randomly chooses the questions from a quiz database. The objective questions in Exam 1 and Exam 2 will be taken directly from this database. Thus, the more times you take the quiz, the more questions you will receive and the better prepared you will be for the exams.

For the quizzes, you will have **20 minutes to complete 10 questions**. Each quiz will be open from Monday to Sunday, and you can take it on any of those days at any time.

Important Policy on Quiz Resets: Quiz resets will not be granted. You will receive two attempts to complete each quiz, if you are logged offline or you have technical failure while attempting the quiz, then you still have the second attempt to complete the quiz.

Resetting quizzes after they have passed will require a serious and verifiable reason (death in the family, hospitalization, serious accident, etc.)

The correct answers for quizzes will not be released to students. Students will be able to see their submitted answers only. Students should refer to their course materials for the correct answers.

If you know that you will be unable to take a quiz during a specific week, contact the instructor in advance, and the quiz may be opened so you may take it early. It is the responsibility of students to keep up with the readings and take the quizzes on time.

In order to mitigate any issues with your computer and online assessments, it is very important that you take the "Practice Quiz" from each computer you will be using to take your graded quizzes and exams. It is your responsibility to make sure your computer meets the minimum [hardware requirements](#).

Assessments in this course are not compatible with mobile devices and should not be taken through a mobile phone or a tablet. If you need further assistance please contact [FIU Online Support Services](#).

EXAMS (60%)

Exam 1 and Exam 2 consist of both objective and essay portions. The objective portions of Exam 1 and Exam 2 are both online, time-restricted examinations. They are in the Assessments area. Students have **only one attempt** to complete the objective portions of the Exam 1 and Exam 2 unlike the quizzes. **Please make note of this important difference.**

The essay topics for the exams will become available in the Assessment area during the exam availability time. **The essay portions of these exams must be submitted to turnitin.com via Blackboard (you do not need to register separately with Turnitin.com).** Review the detailed [Turnitin Instructions](#) on how to submit your assignments and how to review the Grademark comments (feedback) from your professor. Please see the folder under Course Content labeled "Assignment Dropbox" for links.

The essays for Exam 1 and Exam 2 should each be approximately 500-750 words long.

ASSIGNMENTS (20%)

****STUDENTS MAY NOT SUBMIT WORK FROM A PREVIOUS SEMESTER OR FROM ANOTHER CLASS FOR THIS ASSIGNMENT OR ANY OTHER ASSIGNMENT IN THIS COURSE. IT WILL BE FLAGGED FOR PLAGIARISM BY TURNITIN.**

There will be ten (10) assignments posted, **but you will need to complete only four (4) of these**. The assignments will be turned in to Turnitin.com via Blackboard in the Assignment Dropbox Folder. Click on the link in the Assignments folder on the Course Content page. It is not necessary to create an account on Turnitin.com to submit this assignment. Please review the detailed [Turnitin Instructions](#) on how to submit your assignments and how to review the Grademark comments (feedback) from your professor.

These should not be written off the top of your head, but should demonstrate that they are informed by the readings and lectures. You need not agree with parts of the readings or lectures, but should be able to discuss the basis of your disagreement.

Each assignment should be approximately 250-500 words, depending on the essay topic. Some of the assignments require longer responses than others. Keep electronic and paper copies of all written work. For your own protection, keep a copy of your turnitin.com electronic receipt (confirmation of assignment submission) until you have received your final grade for the course.

Late work will not be accepted

PLAGIARISM

Plagiarism will not be tolerated. Plagiarism, or attempting to pass off another's work as your own, falls into three different categories:

1. A written work that is entirely stolen from another source;
2. Using quotations from another source without properly citing them; and
3. Paraphrasing from another source without proper citations.

Students are expected to understand the definition of plagiarism. See the [University Code of Academic Integrity](#) if you need further clarification. Offenders will receive a grade of F for the plagiarized assignment, and possibly the course.

****STUDENTS MAY NOT SUBMIT WORK FROM A PREVIOUS SEMESTER OR FROM ANOTHER CLASS FOR THIS ASSIGNMENT OR ANY OTHER ASSIGNMENT IN THIS COURSE. IT WILL BE FLAGGED FOR PLAGIARISM BY TURNITIN.**
